SUMMARY

Aspiring Software Engineer and Computer Science undergraduate at SRM Institute of Science and Technology (CGPA 8.8/10) with hands-on experience in Java, Python, and SQL, and applied coursework in Generative AI. Has independently built and shipped multiple working applications, from responsive web interfaces to database-backed management systems, and picks up new tools and frameworks quickly.

SKILLS

Languages: Java, Python, JavaScript, SQL

Data & Analytics: MySQL, RDBMS, DBMS, Power BI, Excel

Web Development: HTML, CSS

Tools & Version Control: Git, GitHub

Concepts: Object-Oriented Programming (OOP), Database Design

Generative AI: Applied Generative AI, AI-assisted development tooling

EXPERIENCE

Web Development Intern

SkillCraft Technology

- Developed a responsive e-commerce user interface using HTML, CSS, and JavaScript.
- Strengthened front-end development and responsive design skills through hands-on implementation across multiple screen sizes.

Java Programming Intern

CodSoft

- Built four Java applications: an ATM Interface, Number Guessing Game, Student Management System, and Library Management System.
- Applied object-oriented programming concepts throughout and strengthened core problem-solving skills.

PROJECTS

AI StudyBuddy — Python, Generative AI

- Developed an AI-assisted study platform with a Python backend to support day-to-day learning workflows for students.

Lost & Found Management System — Python, DBMS

- Built a Python and DBMS-based application for logging, searching, and resolving lost-and-found item records efficiently.

EDUCATION

B.Tech in Computer Science — SRM Institute of Science and Technology

2024 – 2028 | CGPA: 8.8 / 10

CERTIFICATIONS

- Certified Generative AI Professional — Oracle Cloud Infrastructure (2025)
- Applied Generative AI Certification — Infosys Digital Academy
- IoT Network Specialist — Reliance Foundation Skill Academy
- GenIgnite Bootcamp Participant — Microsoft
- TechSprint Hackathon — Certificate of Appreciation & Participation, GDG On Campus
